Dear Sponsor, Christiania

I greeting you in the name of Jesus Christ. It is my hope that you are fine and continuing well with your works, to me is fine also and I'm continuing well with my studies.

My aim of writing this letter to you is to say thanks for supporting me in my education through pay school fees and other morden payments. Now I'm a form five student at Image Lutheran School. My best combination is "ECA" means Economics, Commerce and Accountancy. My expectation is to get division one on my last form six examination and always I'm praying to god to help me to succeed.

As the words of god says "I will be with you as I was with Moses" our God is loving us. Let love be with us forever and ever and we will be blessed as God promised. I wishes all the best.

Your beloved son,  
D. Ndangoba
